ABOUT

I am a web developer living in Toronto. Comfortable in fast-paced environments, I am creative, self-motivated, and passionate about building interactive web applications with clean code. As a former professional guitarist, music professor and teacher, I have learned the values of creativity, dedicated practice, collaboration and mentoring others. I am looking to join a team where I can apply my strengths with dedication and continue to master and build upon my skill set.

EDUCATION

HACKERYOU COLLEGE OF TECHNOLOGY

Web Development Immersive Certificate

2017

UNIVERSITY OF TORONTO

Master of Music in Jazz Guitar Performance

2016

UNIVERSITY OF TORONTO

Bachelor of Music with Honours in Jazz Guitar Performance
